ATTENTION ATTENDING MD, PA, OR NP

For **heart failure** patients, has left ventricular function ever been assessed?

☐ YES, by ☐ Echocardiogram ☐ MUGA ☐ Arteriogram
On ___/___/___ EF _____%
Or LVSD is: ☐ mild ☐ moderate ☐ severe

☐ NO, but it will be assessed during this admission.
☐ NO. Assessment of LV function is not appropriate. See documentation.

*If LV function is <40%, or documented as moderate or severe LVSD, is the patient on an ACEI or ARB?

☐ YES.
☐ NO, but an ACEI or ARB will be started during this admission.
☐ NO. ACEI or ARB therapy is not appropriate. See documentation.
